Dear Has Been,

The 36th Annual Wayzata Cross Country Alumni Meet is rapidly approaching. It will be run on **Saturday, August 20th**. We will race at the High School on Peony Lane, north of County Road 9. We will keep the same race course that we used last year. The wooded trail makes it much easier to stop and walk without being observed by your children, wife, girlfriends, or parents.

The Alumni Men will soundly defeat the High School Pip-Squeaks beginning at **10:02** (it's a 2 mile run/walk). Sadly, the high school boys are, once again, seriously lacking in athletic talent, good looks, and intelligence.

The **Alumni Women may race at 9:00** (this is different than other years!!!!!!) and humiliate the little high school girls over the 1.25 mile course. Call Dave Emmans at 952-934-0558 to verify the time!

All children 9 and under can run in the Children's Cross Country Sprint at 10:50.

Due to lack of interest, we will have no softball game or grillout after. After the race, all will be welcome to hang out and drink Green Death and eat crackers as long as you want.

I would love to see you on the 20th, but more importantly your old running partners want to see you. It is not important that you run the race, (there is ample time to walk a mile during the race with other wounded warriors and then be fresh for the retelling of past glories at the finish line), it would just be nice to visit. On the other hand, if you want to jog the race at 12 minute mile pace or race it at 5 minute/mile there will be others in attendance looking forward to being alongside you once again.

I do not have addresses of a lot of your colleagues. Therefore, do not assume that they are going to receive this letter. If you can get hold of some of your teammates, call them and convince them to join us on the 20th. If you have friends that went to Wayzata and run now, but didn't run XC- bring them along. If your parents or spouse or siblings or children run, bring them along and have them join in. It will be a lot more fun if we have a hundred Alumni show up, than if we only have thirty.
